

MEDIDAS

	CONTORNO	ALTURA
1	cm	cm
2	cm	cm
3	cm	cm
4	cm	cm
5	cm	cm

The measurements must be taken without pants and standing barefoot on the floor (if someone takes the measurements better)

1. Contour of the leg by the ankle.
2. Contour in the **middle of the leg** and the height at which the measurements is taken.
3. Contour of the leg by the widest part (**twin**) and the height at which is taken said measure.
4. Contour of the leg at the end of the boot (where the zipper would close) and **the height that you want me to have the boot measured from behind**. (Make sure at the previous height of leave a margin of about **1 cm** with respect to measure 5 to avoid rubbing the leg when sitting).
5. Height of the leg from the floor to where the knee is bent (height measured from the rear).
